How did you hear about us?

Charter Acceptance:

CBH Client Charter

The health of the workforce is integral to the success of any project, from design and construction to subsequent operation and maintenance.

- All designs will address work related health issues.
- Construction projects will aspire to be healthy and incident-free.
- Targets will be set and performance will be monitored and appraised regularly.
- Supply chain partners will be encouraged to regularly review and seek improvement to work related health, including undertaking training in related health matters.
- Every major project will have a strategy to deal with work related health.
- All work related health risks, will be assessed, managed, action taken and communicated from inception to design.
- Supply chain partners will be encouraged to sign up to and implement the CBH National Scheme.
- All site staff will be encouraged to hold Constructing Better Health (CBH) cards or the CSCS smartcard with work related health outcomes.

As an authorised signatory of this organisation, I confirm that we endorse and will implement the CBH Client Charter in full.
